## One Day Workshop

On  
Promotion of and Motivation in Research

Research is an integral part of higher education. It is held that the faculty members will involve themselves with research and publication. The generation of knowledge through research benefits society. Individual teachers get benefitted also.

Research requires easy access to the sources and if that source is free or minimum cost bearing, then researchers will find more interest.

The institution resolves to organize a workshop on Open Source and easy accessibility even in remote colleges like ours.

Keeping this objective in mind the authority organizes a one day workshop on **Promotion of and Motivation in Research** on 13.02.2019 from 1.15 PM.
