

Chandidas Mahavidyalaya

Summary Report

Session: 2019-20

Name of the Course: Add-on Course on Computer Literacy

Duration of the Course: 30 Hours

No. of Students Enrolled: 100

No. of Students Certified: 94

Resource Persons Attended

- Prof. Kironmoy Mandal, Assistant Professor of Physic (Course Coordinator)
- Dr. Sudip Narayan Maitra, Associate Professor of History
- Dr. Sayantan Banerjee, Assistant Professor of Zoology
- Dr. Anup Kumar Rano, Assistant Professor of Sanskrit
- Prof. Tapas Kumar Mondal, SACT of Commerce
- Dr. Kaustav Mukherjee, Assistant Professor of Geography
- Prof. Abhinanda Chakraborty, Assistant Professor of English

Content Summary

Because the majority of students who enrol in this course have only rudimentary knowledge of computer literacy from their school level, the Computer Literacy add-on course is especially suited to assisting students in improving their understanding of the fundamentals of computers. Despite the fact that students do not have a lot of opportunities to learn computers in school, this course attempts to enhance the more practical aspects of learning the fundamentals of computers, which are crucial for their expansion. The course is designed in a manner so as to ensure the active participation of all students. From home assignments to group discussions to practical work, there is a wide range of student-centric activities in the course to ensure every student's involvement and interest in order to help them learn and develop. Students are also encouraged to interact with one another and with the teachers in the classroom, and they are able to apply what they learn in class to regular computer use, which aids them in building confidence for the future.

Objectives of the Course

- ❖ Acquire confidence in using computers in professional and General Life
- ❖ Will be able to identify the basic components of computers and terminology
- ❖ In depth knowledge about Software packages and Hardware
- ❖ Understand file management;
- ❖ Create documents using word processor, spreadsheet & presentation software
- ❖ Understand computer networks, and browse the internet, content search, email and collaborate with peers
- ❖ Use e-Governance applications; and use computer to improve existing skills and learn new skills
- ❖ Understanding Social Networking platform
- ❖ Using internet to gather digital resources

Course Outcome

In the academic year 2019-20, the Computer Literacy course was provided to the students of the first semester.

Based on the applications received, 100 students were selected according to the marks of the 10+2 exam.

Various experienced teachers of our college have conducted the course with hard work and sincerity, so that the objectives of this course can be achieved. No outside expert was invited for the course classes.

Assessment of students was done through both theory and practical modes. Students had to appear for a common theory examination as well as for a verbal assessment based on the course syllabus.

Out of 100 admitted students, 94 had successfully passed the internal and external examination.

After completion of the course, each student was given a course completion certificate on Computer Literacy.

The active participation and interaction of the students coupled with the hard work and dedication of all the resource persons contributed greatly to making the add-on course a remarkable success and it is hoped that the course may continue to prove beneficial to students in the future as well.

Mode of Evaluation

- Written test of 40 marks
- Viva of 10 marks
